KNIGHT HAS A NEW PLAYER IN GAME

With Dorsch, an infielder from California, playing shortstop, and Jones added to the pitching staff, where Knight is now able to make good also, Ogden should be able to put up a stiff fight against McCloskey's sluggers during the series of seven games in Salt Lake this week. The new man joined the Knights last evening before the team left for Salt Lake.

Knight has also sent for two other infielders, Goodwin and Frank Gay. Goodwin played two successful seasons with the University of California team and Gay is from the Northern Canadian league. Jones pitched good ball in California last winter and believes that he will reach his stride as a moundman.

In the game today Ogden will face a hard nut in the person of Roy Castleton, the strong man of McCloskey's pitching staff, and McClain was scheduled to do the catching.

Knight has designated Sinclair to puzzle the heavy hitters of Salt Lake and Perkins will be behind the bat. Sam La Rouge, the new umpire of the Union association, will officiate throughout the week in Salt Lake.

DAWSON TO DRIVE IN 500-MILE RACE

Indianapolis, Ind., May 27.—Joe Dawson, the driver who won the 500-mile sweepstakes race here last year, probably will drive a machine in the third annual automobile race Memorial day. It was announced today. The contest board of the American Automobile association last night refused to license the inventor of one of the

ROLLER INVENTS MUSTACHE HOLD

Doc Roller, the Seattle physician, threw the French wrestler easily last week by applying the mustache hold. One Chicago paper said of the bout: "If Raymond Cazeaux, the French wrestler, desires to get a clean cut victory over Dr. Roller, the Chicago grappler, he will have to carve the growth from his upper lip."

In their battle at Rideau rink Roller substituted a mustache hold for the dreaded toe grip, with the result that he put the shoulders of the brawny Borelalis to the mat for two straight falls.

"From start to finish Roller worked his old gag of pulling Raymond's mustache. When he gave it an exceptionally stiff yank, just before securing the first fall, Cazeaux made a kick that would have passed the 'good night' sign on the physician's head. The result was to make the Yankee angry and what he did to Cazeaux was a shame."

"The last spasm was lively with the big Frenchman the aggressor. He was always met half way, however. Twice he got the holds that looked for a fall, but the 'doc' refused to quit and got out of them. The second was more dangerous for the American. This time he brought his mustache hold into play for the last time. It served him well. Cazeaux released one hand in an endeavor to save his 'dandy black mustache,' but it was no go. Roller twisted harder and a roar went up from the crowd when the Frenchman let go the other hand with a roar that sounded like

STATE OFFICIALS IN BALL GAME

Billings, May 27.—Governor Stewart will pitch and three former candidates for governor will take part in a ball game here that will be perpetuated in moving pictures. A complete lineup of state and city officials will be in the field while the pictures are being taken. This stunt has been arranged for May 30, in celebration of the beginning of organized baseball in eastern Montana.

While Governor Stewart will be in the pitcher's box, Harry L. Wilson, who ran for governor of Montana on the Republican ticket last fall will

cover first base and Frank Edwards, who ran for the same position last fall on the progressive ticket, will be seen at shortstop. The other positions will be filled as follows: Secretary of Agriculture Kennedy second; State Treasurer Billy Rea, third; Secretary of State Alderson, center field; Game Warden De Hart, left field; Mayor Leavens of Billings, catcher; Mayor Symes of Lewiston at bat.

Preceding the game there will be an aeroplane flight by Dr. Frank J. Bell of Billings, a licensed aviator who received his training in the Curtiss school, near Los Angeles, where he made several successful flights. President Mulroney of the Union association has been invited and will be the guest of the city for the day if he is able to attend. Special trains will be run from nearby points on all railroads entering the city, and it is expected that at least 5000 will be present.

YESTERDAY'S GAMES

Brooklyn, May 26.—A three-run lead was not enough for Brooklyn to beat Philadelphia today, the league leaders coming from behind in the eighth with the tying runs and winning out with the tying run and winning out with the tying run.

The locals sailed into Seaton in the opening inning, a base on balls, Stengel's hit and Wheat's drive for the circuit, scoring three runs. The Phillies got one in the fourth mainly through errors, and Brooklyn scored another in the fifth.

Dolan batted for Seaton in the eighth and led off with a single. Paetzer's triple, a wild pitch, Magee's double and Cravath's single sent over the tying run. In the eleventh the Phillies sewed up the game by scoring four runs on three hits and as many errors.

The world's champion won in the fourth when they scored two runs on singles by Yerkes and Speaker. Speaker's steal, Derrick's fumble on Henrikson's drive, and Janvrin's sacrifice fly.

Philadelphia, May 26.—The American leaguers indulged in their first doubleheader of the season today and even with Washington, Philadelphia won the first game, 4 to 0, and Washington the second, 9 to 2. Washington's misplays in the first game were costly, wild throws by Groom and Milan allowing Philadelphia to score two runs. The two runs in the fifth were also the result of a wild throw by Gamill. Houck held the visitors runless, but he was frequently in tight places.

There was nothing to the second game but Walter Johnson. He pitched for seven innings, and then with Washington far in the lead he was relieved by Boehling, who went to Groom's assistance in the first game. The visitors found Mack's young pitchers for good hard hits. Taff lasted until one was out in the second. Pennock took his place and off the four hits secured off his delivery two were for home runs. Bush relieved Pennock in the sixth inning.

RESOLUTIONS OF BAPTISTS

Northern Convention Passes on the Subjects Relating to the Home and Family, Social Service and Labor—Adopt Declaration of Principles

Detroit, Mich., May 27.—The attitude of the Northern Baptist church in matters relating to labor, the home and family and social service was set forth in the report of the social service commission read last night by the Rev. Samuel Z. Batten before the convention, now in session here. The commission presented a declaration of principles which are to be adopted by the church as its platform in dealing with the subjects.

The principal planks are:

Right of both laborer and employers to organize is recognized. Adequate means of conciliation and arbitration urged.

Release from employment one day in seven demanded.

A living wage as a minimum in every industry and for the highest wage that each industry can afford.

For gradual and reasonable reduction in hours of labor to the lowest practical point.

Conservation of health and protection of the worker from dangerous machinery, occupational disease and mortality.

Suitable provision for workers in old age and for those incapacitated by injury.

The right of all men to the opportunity for self-maintenance and for protection of the worker from the hardships of enforced unemployment.

For a new emphasis on the application of Christian principles to the acquisition and use of property and for the most equitable division of the product of industry that can be devised.

For the protection of the family by the single standard of purity, uniform divorce law, proper regulation of marriage and proper housing.

For the fullest possible development of every child, especially by the provision of proper education and recreation.

For the abolition of child labor.

For such regulations of the conditions of toll for women as shall safeguard the physical and moral health of the community.

For the protection of the individual and society from the social economic and moral waste of the liquor traffic.

The adoption by each church affiliated with the convention of a constructive program of social service and to seek to enlist its members directly in some forms of practical social service.

Theological seminaries to have courses in social service that shall train pastors and workers for church leadership in community betterment.

Increase in social service commission from 15 to 18 members, the three new members to be women and that one woman member of the commission be elected each year.

GRADUATES ARE NOT SUPERSTITIOUS

Sussex, N. J., May 27.—Superstition still lurks with the elderly but the young generation here insist upon turning bad omens to good ones. The senior class of the Sussex High school has 13 members. It is to receive diplomas on Friday, June 13, 1913. Many parents have petitioned the board of education to change the date, but the board referred the matter to the pupils and the latter are vigorously opposing any move to "spoil the jinx."

It is such a perfectly complete hoodoo," said a girl member of the class, "that we wouldn't think of letting anything interfere with it. If the thirteen influence goes straight through, the charm will be twisted and it will mean the best of good luck for us all."

FAMOUS DIVER FLIRTS WITH DEATH

New York, May 27.—A task similar to that which cost the life of "Bill" Hoar, a famous diver, in the Boonton, N. J., reservoir, in 1904, is being attempted by John Ferguson, another professional diver, at the large reservoir in Central park. One of the eight gates of mains through which water is drawn for distribution all over the borough of Manhattan, has become stuck. Ferguson went down a depth of 40 feet yesterday with a diving suit, weight 350 pounds and with 200 pounds more of lead buckled onto himself, but still found himself so light that he was nearly washed away into one of the big mains.

Feeling himself going, he signalled

to the man who was tending the air pump and he was hurriedly pulled up. With still heavier masses of lead he proposes to attempt the hazardous task again, but his friends say he is boldly taking his life in his hands.

In the accident in which Hoar lost his life at Boonton, the diver was drawn into a huge valve by the suction and for 24 hours a large force of workmen and horses were used in an attempt to pull him out, during all of which time Hoar directed the vain efforts by signal.

PIONEER WOMAN DIES IN CALIFORNIA

Stockton, Cal., May 27.—Mrs. Julia Brier a member of the famous Jayhawk party of thirty-five members who left Galesburg, Ill., April 5, 1849, to make their way across the plains to the gold fields of California, died last night in Lodi, aged 99 years. Her son, Rev. J. W. Brier, of Lodi, and another person are now the only survivors of that party.

En route to the gold fields the party were fifty-two days practically without food, and of the entire party three succumbed to hunger, thirst and fatigue, and one went insane from starvation and wandered off in the night. He was taken prisoner by Digger Indians, from whom he was rescued 15 years later by a United States surveying party.

COL. BRYAN IS "SOME" SHOPPER

Washington, May 27.—Secretary Bryan is not too busily engaged with affairs of state to do the marketing for the Bryan household. Almost any morning the secretary of state may be seen in a local market place with a large basket swinging from his left arm. Colonel Bryan seems to enjoy the marketing to the full. He elbows the crowd and apparently does not mind it any more than he did when making his political campaign tours.

Secretary Bryan's fondness for the radish of the white variety is now generally known among market men and they try to keep on hand the kind he likes. The other day, however, much to Colonel Bryan's disappointment, his favorite vegetable was not to be had.

"You know I'm just crazy about white radishes," said the secretary to a woman shopping beside him.

"No other kind will do."

And he continued his search among the stands.

RECEIVES NO BID.
North Yakima, Wash., May 27.—The United States reclamation service, according to local officials, did not receive a single bid for 10,000,000 feet of timber to be cut from storage basins in the Cascades, including 3,000,000 feet of red fir. The timber was advertised two months ago, and the bids were to have been opened yesterday.
